RH - Ruby interview 1/24/72

Assumed he drew and put his name & [illegible] of [illegible] numbers appear inside of [illegible] or elimination.
Just impossible he was there with all [illegible] as [illegible]
Said every thing on left of [illegible] & chest [illegible]
Saw bullets & fragments which he said are not yet listed
Front neck wound - Stated that it [illegible] to one in front [illegible] "circular hole" —
Back of thigh stated that it [illegible] with front. Exit, [illegible] & in line.
"The front wound is no longer visible as such"
"On the shirt in the front are two bullet holes - that is holes where the bullet came out"

"Does it scientifically proved that it is the only way" - back to front. Convinced by elimination "I - his track" He stood behind Kennedy when he was assassinated.
So he can't name it went other way
"How do you & how little some Oswald - Then have to go to the data provided by the Warren Commission - i.e., not from what he saw & said. I says subsequent has changed that bullets did pass from that rifle. So he says the W.C. was right because he says it was right
Either how W.C. would be right? What was implied in back of neck

Tables of

His only mention is "to remember the WC Report". Says second shot JFK in head. Says has no explanation or 3rd/equivalent when asked about missing fragments.

He found 4 frags in [illegible] X-ray. Talks of number of frags rather than mass. Thought because he could show metal. Back wall - "Uncertain he did not bring down" - attributes to "jiggle - it was typical of [illegible] here. Evidence of his obstruction. "BC delayed reaction" he reacted more quickly than the President" says [illegible] [illegible] [illegible] He thinks police got up on JFK and lay down
